project tiers

Four tiers for your Odoo rollout.

TIER 1

Starter

Getting started with one Odoo app.

On quotation after discovery

- ✓ 1 focus app (Accounting or Invoicing)
- ✓ Odoo Online, standard setup
- ✓ Company, taxes & users configured
- ✓ 1 team training session
- ✓ Basic data import (contacts, products)
- ✓ 14 days go-live support

Choose Starter

TIER 2

Essentials

Small teams moving off spreadsheets onto one system.

On quotation after discovery

- ✓ 1-3 focus apps (Accounting, Sales, Inventory)
- ✓ Single company, standard configuration
- ✓ Chart of accounts & core setup
- ✓ Role-based team training
- ✓ Data import (opening balances, master data)
- ✓ 30 days go-live support

Choose Essentials

TIER 3

Growth

Growing SMEs connecting sales, stock and finance.

On quotation after discovery

- ✓ Accounting + Sales + Inventory + CRM + Purchase
- ✓ Bank feeds & payment gateway integration
- ✓ Light customisation & tailored reports
- ✓ Full data migration
- ✓ Multi-user, role permissions
- ✓ 60-90 days support

Choose Growth

★ MOST POPULAR

TIER 4

Enterprise

Multi-branch groups needing the full suite.

On quotation after discovery

- ✓ Full Odoo suite, multi-company & multi-currency
- ✓ Custom modules & advanced workflows
- ✓ AI integrations (assistants, automation)
- ✓ Dedicated project manager
- ✓ Third-party & marketplace integrations
- ✓ SLA support / annual maintenance

Choose Enterprise

 Odoo licences are billed by Odoo, per user per month. The tiers cover TechNext's implementation; final pricing is confirmed per quotation.

See what each tier puts in place.

TIER 3 OF 4

Growth ☆ MOST POPULAR

Growing SMEs connecting sales, stock and finance.

✓ Accounting + Sales + Inventory + CRM + Purchase

✓ Bank feeds & payment gateway integration

✓ Light customisation & tailored reports

✓ Full data migration

✓ Multi-user, role permissions

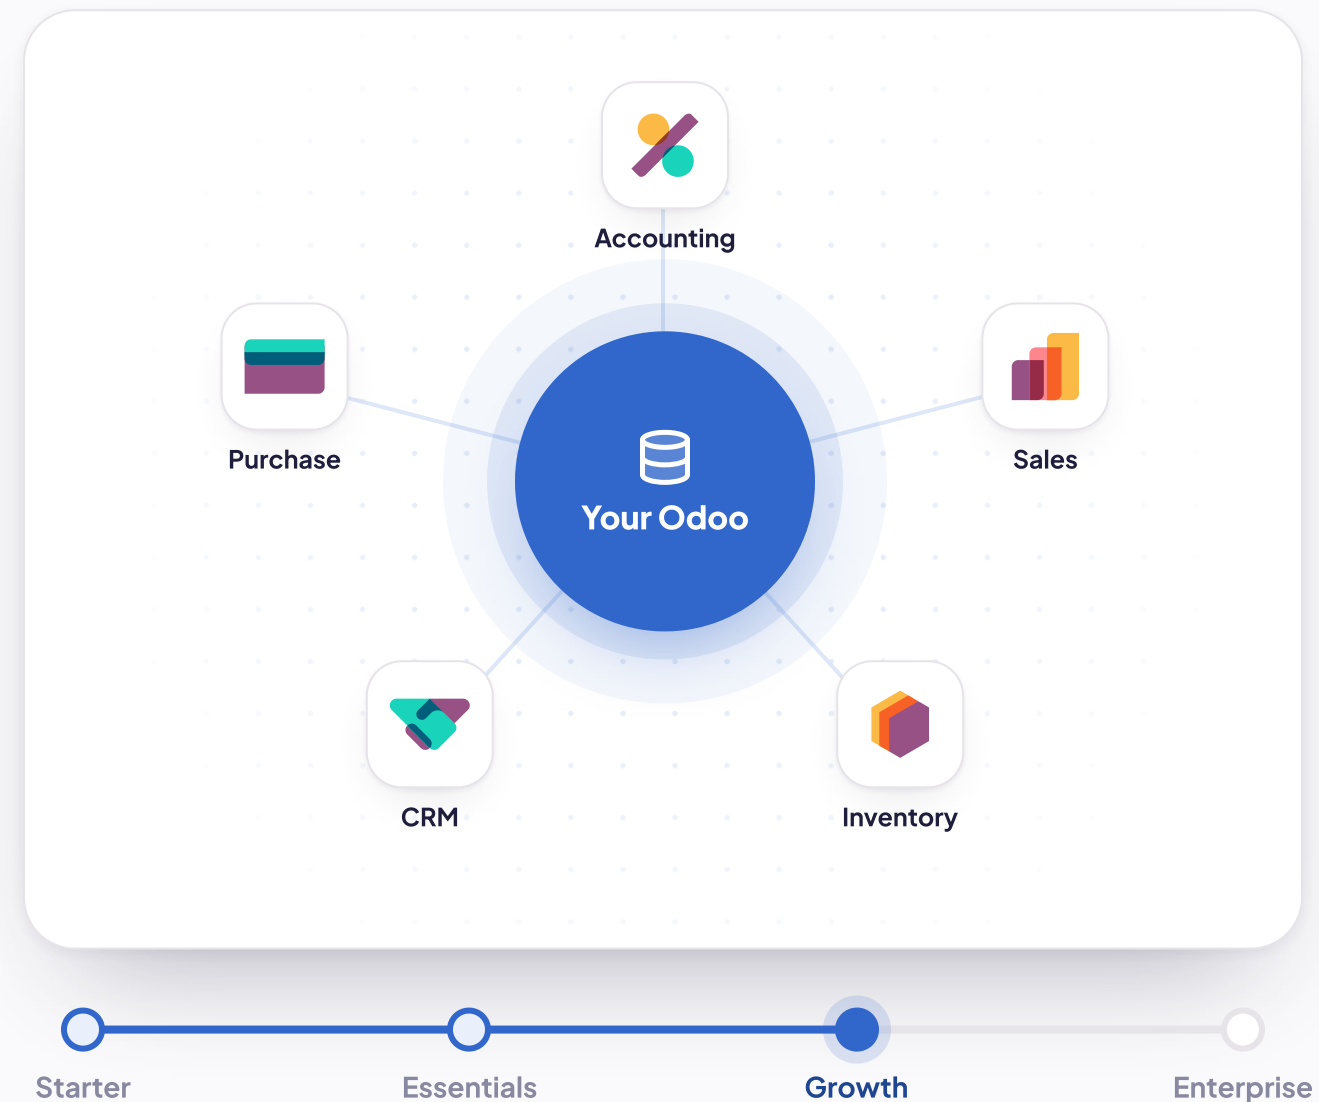

✓ 60–90 days support

SUPPORT AFTER GO-LIVE

60–90 days support

+ Put in my plan

which tier fits?

Three questions, one starting point.

01 Which apps do you need first?

One app, like Accounting

Accounting, Sales, Inventory

Those plus CRM and Purchase

The full Odoo suite

02 How many companies or branches?

One company

Several, or several currencies

03 What has to be connected or built?

Nothing yet

Bank feeds and payment gateways

Custom modules, AI or marketplaces

START WITH

Starter

Getting started with one Odoo app.

✓ One focus app on Odoo Online is the Starter scope.

+ Use this tier

A starting point for the discovery call; the quotation follows the scope.

add-ons
