FILLS: LOT · EXPIRY · WHERE IT IS · TRACEABILITY

Inventory

Lots and expiration dates on every vaccine and medicine. FEFO removal sends the earliest expiry out first, Expiration Alerts list what is close, and seven warehouses (the central store and six clinics) share one stock.

Medical records stay in the clinic system (EMR). Odoo holds stock, sales, billing and the books.

WE DO

Clean the 1,450-item list, switch on lots and expiration dates for medicines and vaccines, set up the central store and six clinic warehouses, and an analytic account per clinic.

~~Stock in seven spreadsheets~~	→ One stock, seven warehouses
~~Lot written down if remembered~~	→ Lot and expiry at every receipt
