What changed in Sales, and where you saw it.

All | In the session | Also new

Sales dashboard NEW

Performance and quick filters at the top of the quotations and orders lists.

Move 1

Templates and sections NEW

Pick a template as the quote opens; save sections as templates, with subsections and Hide Price options.

Move 2

Editable margins, periodic pricing NEW

Edit a line's margin to recompute its price; pricelist rules for set dates or days of the week.

Move 3

Fixed prepayments NEW

Ask for a fixed deposit amount instead of a percentage; the portal page is redesigned.

Move 4

Lazada and TikTok NEW

Orders, delivery slips and stock sync with both marketplaces, next to Shopee (also available from Odoo 19).

Move 6

Commissions on paid amounts NEW

Plans based on the amount paid, and managers' or split commissions rolled up from the team.

Move 7

Product images on orders NEW

Product pictures on sales orders and their PDFs, and numbered order lines on the form, PDF and portal.

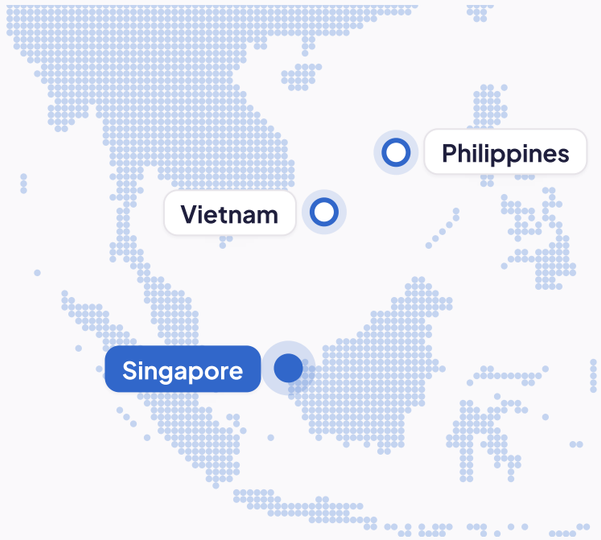

Lines without a product NEW

Order lines can be a description only; the Mandatory Product setting enforces a product where you need one.
