Pain Relief Patch (Cool)

On-the-Go Medi-Stick

The pain-relief line shoppers ask for by name: balm, crème, liniment, patch and stick.

what we've built so far

Three pieces, all live to click.

One look across all three: your logo, your magenta, the same type. Each is an unlisted test link until you sign it off.

technextsg.github.io/hst-medical-website

WEBSITE PROTOTYPE

The shop, page by page

- 51 product pages, every pack size
- 11 ranges, symptom finders, bag and checkout
- Where to buy: 30 stores

[Open the test link →](#)

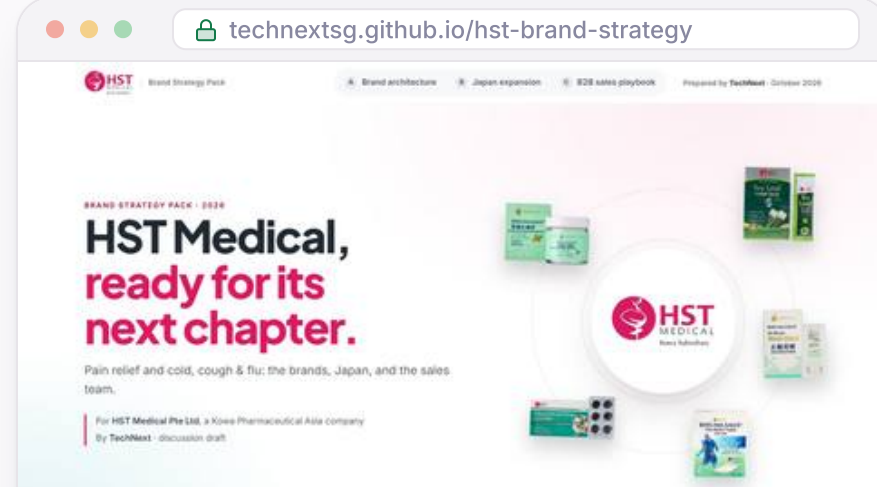

technextsg.github.io/hst-medical-catalogue

PRODUCT SHEETS

Your catalogue, as a book

- 54 pages from your July 2026 PDF
- Search by name or any of 58 item codes
- Each product links to its page in the shop

[Open the flip-book →](#)

technextsg.github.io/hst-brand-strategy

BRAND STRATEGY PACK

The research behind it

- Brand architecture: **two power brands**, one trusted house
- A Japan route with Kowa
- A B2B sales playbook for trade buyers

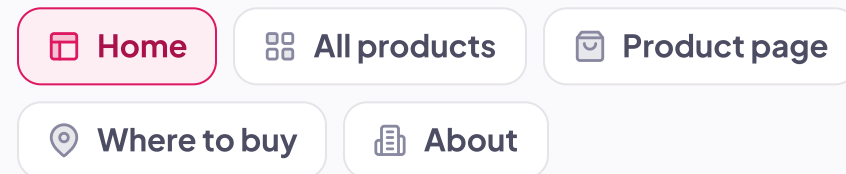

[Open the pack →](#)

🔍 Hover a card to scroll its page · click to open it live

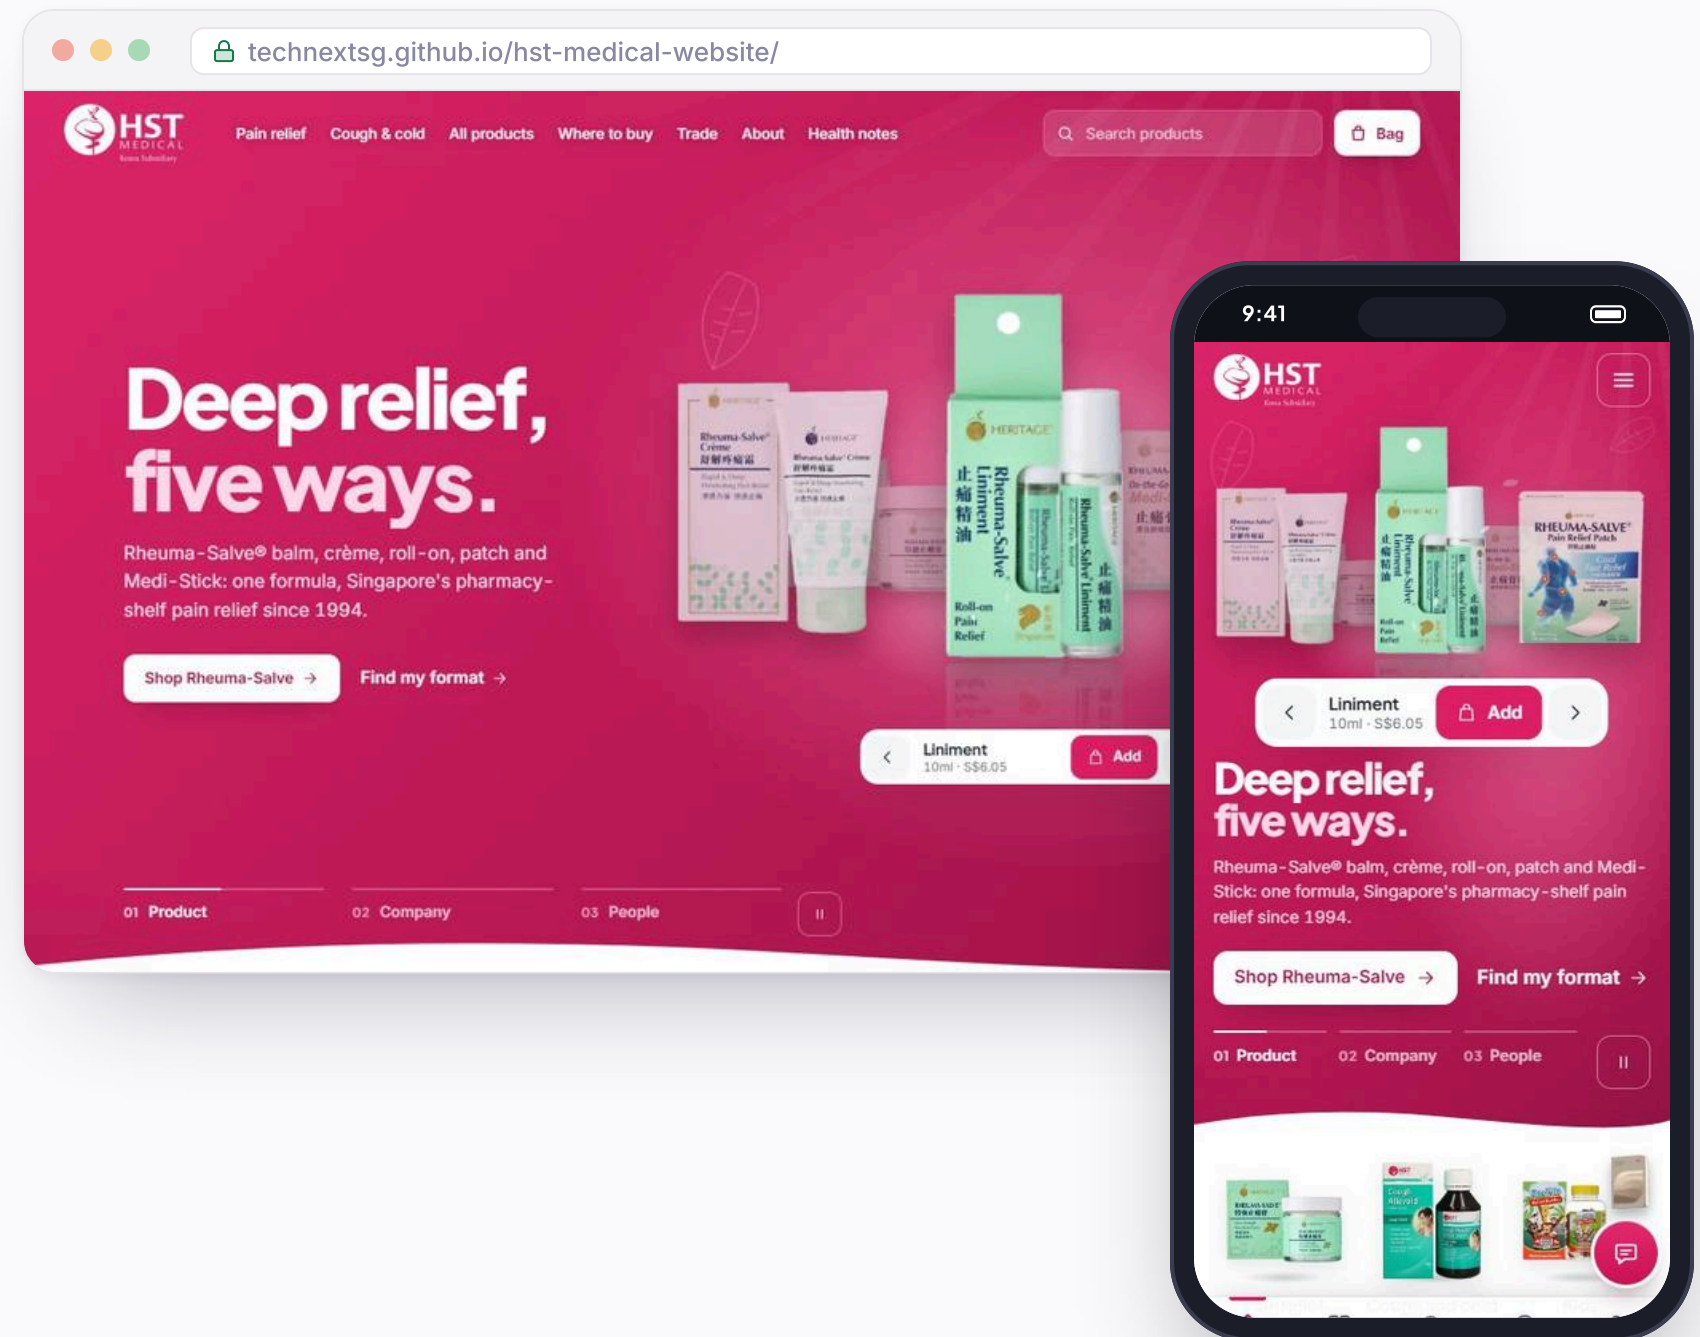

part 01 · the website

Need first, then the product.

A shopper names what's bothering them, sees the products that fit, and picks the pack size they want.

- "What's bothering you?" for pain and for cough or cold
- The Rheuma-Salve formats side by side, each with Add to bag
- Kowa, GMP and your awards, shown up front

your request for proposal

We can build your brief, line by line.

Every requirement in your RFP, and how we would build it. We have already tried each one on a WordPress staging build.

2.1

Classic theme, no blocks

Classic Editor and Classic Widgets

2.2

GeneratePress foundation

a child theme, nothing destructive

2.3

WP EasyCart store

products, cart and checkout

2.4

Mobile first, fast on 4G

graphics-lite, no carousels

2.5

Typography, SEO and GEO

readable by people and AI crawlers

2.6

WordPress.org standards

Theme Check, GPL, core hooks

✓ Requirement 2.1

Classic WordPress, as asked

header.php, index.php, single.php, page.php, footer.php, sidebar.php: the classic template files. No block theme, no theme.json, no full-site editing.

 Your editors use the **Classic Editor** and **Classic Widgets** only. Gutenberg is switched off by the site's own plugin.

✓ Tried on our WordPress staging build, 2–3 October 2026 · speed: lab test, PageSpeed's mobile profile

- p.8

American Ginseng: two item codes
110070 under the photo, 111770 in the list
- p.27

"Lintus" on the sheet
the pack says "Linctus"
- p.33

"Tumeric"
should read "Turmeric", here and on p.54
- p.41

"Gingko biloba"
usually spelled "Ginkgo", here and on p.54
- p.54

"Immunity & Energy"
pages 8–12 say "Energy & Immunity"
- p.54

"COUGH,COLD & FLU"
a missing space after the comma
- p.54

Rheuma–Salve Balm 20g listed twice
it is a pack size on p.3, not its own product

ENERGY & IMMUNITY

60 Vegicaps
ITEM CODE **110070**

INDICATIONS

- Physical fatigue
- Weak immune system
- Weak and irritable
- Internal heat and thirst
- Dry mouth and dry throat

CAUTION

- Avoid consumption if suffering from chills or cough with watery phlegm, and during pregnancy or breast feeding. Consult a physician if under long-term medication. Not to be consumed with coffee, tea, alcohol, or radish.
- No known side effects

For orders please contact:

- Your HST Medical territory manager
- resellercontact@hstmedical.com

Always read the label and follow directions for use

Heritage American Ginseng Capsules
All-Natural Tonic to Revitalize and Rejuvenate

American Ginseng is highly favoured for its invigorating properties to improve endurance and enhance overall wellness. It is an excellent tonic to tonify qi, nourish yin, clear heat, and promote production of body fluid. It supports the immune system, revitalises physical energy and stamina, relieves physical & mental stress, and supports mental alertness.

BENEFITS

- Revitalises physical energy and stamina
- Relieves thirst
- Boosts immune system and general health
- Invigorates qi and yin
- Clears away 'heat' and promotes fluid production

SUGGESTED USAGE

Adults: Take 2 capsules, once or twice a day with warm water.

Children (below 12 years): Take 1 capsule, once or twice a day with warm water

ACTIVE INGREDIENTS

Each 375mg vegicap contains:
American Ginseng Powder - 375 mg

COUNTRY

Made in Singapore

part 03 · ai for the website

The site already answers questions.

"Ask HST" is a shop assistant built into the prototype. It answers from your catalogue only, and it knows when to stop selling.

ASK IT

My shoulders are stiff from the computer

Something for my kid's cough

Is Rheuma-Salve sold at Watsons near Tampines?

I have chest pain and can't breathe

Runs in the visitor's browser: **no AI service, no API key**

Says it is **not a pharmacist**; red flags go to care, not the cart

Ask HST
shop assistant · answers from our catalogue

Prototype

Hello, I am Ask HST, an automated shop assistant. I answer from our catalogue only and I am not a pharmacist.

My shoulders are stiff from the computer

Balm: deep and warming

The classic 50g jar. Best for stiff knees, lower-back ache after a long day and tight shoulders. The balm sits on the skin longer than the crème, so the warming-cooling sensation builds.

From: Balm, crème, liniment or patch? Choosing the right Rheuma-Salve® format

Always read the label and follow the directions for use.

Ask about a product, a need or your bag...

✓ The prototype's own answers, asked on the test link on 7 October 2026

what ai would add

Where rules stop, AI starts.

On blood thinners

Asked in Chinese

"Easiest for my mum"

Can I use the balm if I'm on blood thinners?

⌘ TODAY · RULES

Rheuma-Salve® Pain Relief Balm: cautions from the catalogue

External use only. Not for broken skin; ask a pharmacist before use in pregnancy or for young children.

Rheuma-Salve® Pain Relief Balm
Heritage® · 50g

Add to bag

Finds the caution, but still offers the balm to buy.

✧ WITH AI · GROUNDED ON YOUR LABELS

Understands

Safety check

Finds it on the label

Hands over

Mixing medicines is a question for a pharmacist, so I won't guess.

Please ask your pharmacist or doctor before using the balm while you take blood thinners.

From the label: **external use only, not for broken skin.**

Ask the order desk

Read the full label

Hands over to a pharmacist. Nothing sold.

✓ "Today" is the prototype's real answer · "With AI" is illustrative: how an assistant grounded on your labels would answer

opportunities

Five places AI earns its keep.

Ask HST, with AI
 understands, stays on the label

After launch

Found in AI answers
 ChatGPT, Perplexity, Google

With launch

English and 中文
 product pages in two languages

Decide today

Trade enquiries, sorted
 the right buyer, the right person

After launch

Health notes, drafted safely
 seasonal articles, approved by you

After launch

Ask HST, with AI

The assistant you just saw, with a language model behind it: full sentences, follow-ups, other languages. It still answers only from your catalogue and labels, and still adds to the bag.

Guardrail

No diagnosis, no claim beyond the label. Medicines, pregnancy and children's doses go to a pharmacist; emergencies to 995.

Needs from HST

The product labels we already have, and who answers the hand-overs.

found by ai search

When shoppers ask an AI, HST should be the answer.

AI assistants quote what they can read. The new site hands them your facts in plain text, so they don't have to guess.

WHAT THE AI READS

llms.txt

who HST is, every range

Product schema

name, brand, pack sizes

The page itself

readable without JavaScript

Sample answer

Which pain relief balm is made in Singapore, and where can I buy it?

Rheuma-Salve® Pain Relief Balm by HST Medical® is made in Singapore. HST Medical, part of Kowa Pharmaceutical Asia since May 2026, sells it on hstmedical.com and at Guardian, Watsons and NHGP pharmacies.

hstmedical.com

hstmedical.com/where-to-buy

HST Medical

> HST Medical Pte Ltd (Singapore, incorporated 1994, rooted in the Heng Say Tong medical hall founded 1930; part of Kowa Pharmaceutical Asia since 29 May 2026) formulates and supplies health supplements and pain-relief remedies ...

Ranges

- Premium Pain Relief: Rheuma-Salve® balms, creams ...
- Cough, Cold & Flu: herbal lozenges, syrups ...
